Five different presser feet included for all your basic needs and many optional accessories available to expand your sewing experience.

LED LIGHT
Long lasting light source that illuminates your sewing projects with a crisp light.

HARD COVER
Protects your sewing machine when transporting it and keeps it dust free.

Features & Benefits
SMARTER BY PFAFF® 160s & 140s

More Features

VARIETY OF STITCHES

Model **160s** has 23 stitches and model **140s** has 21 stitches, including utility stitches, decorative stitches, stretch stitches and a buttonhole.

AUTOMATIC BUTTONHOLE (160s)

Snap on the buttonhole foot and sew repeatable buttonholes smoothly.

The buttonhole on model **140s** is sewn manually.

SMART GRIP DIALS

Each dial shows stitches and numbers to make it fast, simple and clear for you when making a selection.

SNAP-ON/SNAP-OFF PRESSER FOOT

To change the presser foot, just snap it off and snap the new one on. No screwdriver or other tools are needed.

ADJUSTABLE NEEDLE POSITIONS

For exact placement of your straight stitch while topstitching, sewing zippers or special techniques such as piping.

ADJUSTABLE PRESSER FOOT PRESSURE

Adjust presser foot pressure for specialty techniques such as quilting and sewing stretch seams. Always a perfect result whether sewing light or heavy fabrics.

OPTIMAL FEEDING

The Seven Point Feed Dogs support the fabric on all sides of the needle while feeding your fabric perfectly. Makes your sewing smooth and pucker free.

HIGH PRESSER FOOT CLEARANCE

Makes room for bulky projects or several layers of fabric. Accommodates even the thickest quilt when you're quilting.

TOP LOADED BOBBIN

Easy access and good visibility makes it faster and easier to check and/or change bobbin thread.

FREE-ARM

Free-arm is perfect for sewing cuffs, necklines, hemming pants and more. The needle is close to the edge of the free-arm for greater control and easier access when sewing.

EXTERNAL FEED DOG DROP

Easily accessible on the back of the free-arm. Lower feed dogs for special techniques like free-motion quilting, thread painting and button sewing.

THREAD CUTTER

A thread cutter is conveniently located on the side of the machine. It is easy to use and you'll never have to worry about finding your scissors.

ACCESSORY TRAY

Removable accessory tray makes your sewing surface bigger and keeps all your accessories in order.
